SEARCH FOR THE INVINCIBLE

On May 18, 19, 20, 21st, 2004 an electronics survey was undertaken in cooperation with The Texas Navy Association, National Underwater Marine Agency, and

The INVINCIBLE

Mr. Tom Oertling who is associated with Texas A&M Marine Branch. After a substantial amount of additional research it was determined that the Texas Navy warship INVINCIBLE lies further off shore near the end of the south jetty at the Galveston Harbor entrance.

Mr. and Mrs. Doug Marlowe, who own a Company called Marine Magnetics volunteered to come down from Toronto, Canada to assist in using their very sensitive Magnetometer. Electronic signals indicating ferrous materials were located and logged using a very special digital GPS system in a 36 foot Bertram vessel provided by Mr. Bob Scheffler of Tiki Island. The data is being processed into digital maps that will be studied by the team to determine the best site for exploration diving in the future.

There will be significant support for the salvage and preservation of the canon and other artifacts when we finally locate the site of this historic ship.

BOARD ELECTS NEW PRESIDENT

The Board elected Mr. James Earthman to a two year term as President of the Texas Navy. Jim has been a very active participant in many Galveston historic groups and he has great plans for broadening the activities of our association.

The Board also elected three new board of director members: Mr. Tom Deen, a maritime lawyer and past Commodore of the Houston Yacht Club; Mr. Tynes Sparks, an avid sailor and also a former Commodore of the Houston Yacht Club; Mr. Wayne Gronquist an Austin lawyer also joins the board. Wayne is also a director of the National Underwater Marine Agency (NUMA). This is the very active maritime artifact search group funded by the novelist Clive Cussler that recently found the civil war submarine, The Hundley, off of Charleston, South Carolina.

Mr. Jim Tysen, a former Board member was also able to rejoin our Board as an active member.

All the members of our association owe a huge debt of gratitude to Mr. Harry Brown and his wife, Barbara. They contributed great leadership and support to our group during the past two years. Many, many thanks!

The Board would welcome any suggestions and/or volunteerism with regard to prescribing and promoting the history of the Texas Navy. Please call 409-762-4444
